Vishwashanti High School
Class 10(SSC): 9.0 (CGPA)

Internships

2023-04 to 2023-05

Agile Methodology Virtual Experience Program[[Forage]] ↗

This is a virtual internship of 1 month duration, from Forage in partner with Cognizant , which focuses on agile methodology and offers opportunity to work on real world projects which helps in gain experience and develops relevant skills.

Projects

Automatic Number Plate Detection And Recognition ↗
Automatic number plate detection and recognition (ANPR), recognizes the number plate and gives the exact cropped image of it. It uses a python language with the libraries of openCV , imutils , pytesseract.

Real-Time Driver Drowsiness Detection Using Visual Behaviour ↗
20951A05K1

Driver Drowsiness is the one of the main factor for happening accidents. So, we have an project based on this. This project is included with some of the python packages like dlib and OpenCV. Using of them we can detect that the driver is drowsy or not.

A hardworking and passionate job seeker with strong organizational skills eager to secure an entry-level position. Ready to help the team achieve company goals.
